- ➢ Construction Management (Master) - Iran University of Science and Technology   2017
- ➢ Civil Engineering (Bachelor) - Iran Azad University, Karaj Branch   2005

Projects

- **Popify:**
  A dynamic webpage, simulated of a music website, developed with a team of 4, responsible for the whole Back-end, Login/Registration page, "admin" page and setting up/Managing Jira.

- **NPM Job Search:**
  A dynamic webpage, simulated of a job search website, developed with a team of 3, responsible for Login/Registration, User personal profile page, Reviews, ratings and Validations.

- **5 Star Cinema:**
  A dynamic webpage, simulated of a ticketing website, developed with a team of 3, responsible for the "admins" page (Front-end and Back-end).

- **Friends Hotel:**
  A single project of a dynamic webpage simulated of a hotel reservation website.

- **Montreal Book Store:**
  A single project of a dynamic webpage simulated of a book store website.

- **NPM Bank:**
  A dynamic webpage, simulated of a banking website, developed with a team of 3, responsible for the "users" page.

- **Guess Word:**
  A static webpage, simulated of a game, developed with a team of 3, responsible for the JavaScript codes.

- **Fair Pets Vet:**
  A static webpage, simulated of a pet clinic website, developed with a team of 4, responsible for the home page.
